

# Canadian Veteran Freedom Riders

Honour and Freedom

## CVFR Common Dress Aide Memoire

The only acceptable vest is a black leather vest

The CVFR Patch goes on the centre back panel with nothing above or below it (items are permissible on the side panels)

The top left chest/shoulder area on the front of the vest is dedicated to the Canadian Flag, a Winged Wheel (for riders who have proven their proficiency) and either a “V” or an “S” tag as appropriate for Veterans or Supporters respectively. They must be worn in the order shown in the picture above

The top right chest/shoulder area on the front of the vest is dedicated to the member’s road name, their unit name, any appointments they may hold in the CVFR and, if applicable, a “Founders” tag. They must be worn in the order shown in the picture above

Except as specified above, all other areas of the vest are open for whatever the member wishes to put on it as long as it is not an “MC” or “1%” tag or anything that suggests that the CVFR is or supports 1% motorcycle clubs, does not contain any obscenity or anything disrespectful of any identifiable club or group.
